Community of the Year Award

The Community of the Year Award provides groups and organisations with an opportunity to gain recognition for their achievements and contributions to our community. These awards aim to recognise high-achieving communities and organisations that have made a difference to regional and rural areas. These community groups share a strong sense of community spirit, which plays a vital role in enhancing the social, economic, commercial and environmental prosperity of their region. It is important to recognise and encourage these groups and organisations as their efforts help to make regional communities stronger, more vibrant and help to promote a true community spirit for this and future generations to come.
