

ENVIRONMENTAL

Wesfarmers Kleenheat Gas Pty Ltd (Kleenheat) is committed to conducting business activities in an environmentally responsible manner, which ensures compliance with environmental legislation and promotes sustainability.

Policies and procedures have been developed to demonstrate what employees are expected to do to contribute to environmental protection. Identification and management of environmental risks within the workplace is the responsibility of each employee.

Kleenheat maintains an environmental management system, consistent with the AS/NZS ISO 14001:2004 - Environmental Management Systems standard, with an emphasis on continual improvement.

Environmental objectives which include targets for efficient use of resources and pollution prevention are monitored and reviewed against set objectives and targets to ensure continuous improvement.

Whilst environmental compliance is the minimum operating standard, where practicable, Kleenheat strives to meet higher standards.

All employees are expected to operate with the utmost respect to the environment at all times.
